

# Conference Announcement

The Australian Racecourse Managers Association (ARMA) in conjunction with New Zealand Racecourse Managers Association will conduct the 2017 conference at the Ellerslie Racecourse, Auckland Racing Club, Auckland, New Zealand.

To be conducted from **23 to 25 August 2017**, this conference will provide a program for racecourse managers, track managers and racing/integrity administrators who can gather annually to cover technical, racing, training and future developments within the thoroughbred industry.

The two associations believe there many synergies between New Zealand and Australian thoroughbred racecourse management. Forming one conference between the two Associations will provide a great opportunity for delegates to attend a New Zealand conference, visualise how racing and racecourse management is delivered, plus provide a two day conference program that will benefit attendees.

Saturday 26 August delegates will be able to attend a Hunt Club race meeting at Ellerslie Racecourse which will comprise of jumps racing. Addition to the conference program the ARMA conference will enable delegates an important opportunity to network with like-minded people from racecourses locally, interstate and internationally.
